Stradbroke Primary School

Learning for Life!

6th October 2021

New School Website

We have had a new school website built, which is now live. The domain address has not changed, so you can still access all of the information through the usual www.stradbrokeprimary.uk address. The new website is now optimized for use on mobiles and tablets, which will hopefully make it easier and more useful for everybody to access. There is also a direct 'contact us' link from the website, should you need to get in touch with school outside of office hours, which will go directly to the school office. You can also visit all of the year groups' Twitter pages directly from their year group pages to keep up-to-date with day-to-day learning.

Please do visit and use the website as your first port of call for information about school; we also welcome any feedback about how we can continue to improve it.

Covid-19 Precautions

We are experiencing a small increase in Covid cases as well as other seasonal colds and sickness bugs at present. This is affecting children as well as staff members. We have a duty of care to keep everybody in school as fit and healthy as possible, and want to keep school running as close to normal as possible as we enter the colder months. Therefore, please remember that children with Covid-19 symptoms should not be attending school until they have received a negative PCR test result, not lateral flows. Lateral flow tests should only be used for asymptomatic testing.

The following are still identified as the main symptoms:

- **Continuous or new cough**
- **High Temperature**
- **Loss of taste or smell**

When children go for precautionary PCR tests it does not affect their attendance as they are following national health guidelines. If you are ever unsure of what to do, please telephone us and we will try to advise accordingly. Thank you for your cooperation.

Healthy Snacks

EYFS and KS1 all receive a healthy snack each day from school, children in KS2 can bring their own. We are noticing an increase in snacks across KS2 being less healthy options. Running the daily mile is futile if you do it whilst eating a bag of Quavers! Please can you make sure that children are bringing in healthy snacks for break time, such as: a piece of fruit; a low-sugar yogurt or a cereal bar, in order for us to comply with our healthy eating curriculum. Thank you.

Girls' Football Team

Congratulations to the girls' football team, who took part in their first official matches this week and acquitted themselves exceptionally against tough opposition from across the City. The girls demonstrated great grit and determination as well as some outstanding skill throughout the matches as well as in their training and preparation; we are all very proud.

First Team Manager, Miss France, who organized the tournament so well, said that she was amazed at the spirit of the girls with each of them giving 110% to battle for the badge. Director of Football, Mrs. Myers, commented that she would love it, *love it*, if we beat the other teams!

Thank you to all of the parents, guardians and families who came to watch and cheer the girls on, they really appreciated your support. Next up is Mr. Matthews' Boys' Team, who are in action on Wednesday night on Stradbroke's hallowed turf. Good luck boys!

Best Wishes,

Mr John Sitch
