# Stradbroke Primary School

Learning for Life!

11<sup>th</sup> March 2022

## Comic Relief – Red Nose Day!

On **Friday 18<sup>th</sup> March 2022**, it is **Red Nose Day!** Therefore, on Friday the children will be encouraged to **come with crazy hair (the crazier hairstyle, the better!) or paint their face** for this great cause!

We ask for a **contribution of £1** for children taking part in this charitable event which will all be donated to Comic Relief. This can be made via Parent Pay on a Red Nose Day donations page. The children will have chance to showcase their hair or face paint during a class catwalk and a certificate and prize will be awarded in each class for the children's favourite design!

Reception children are visiting The Deep on that day, so cannot take part in this unfortunately, but should have a great day nonetheless! Thank you.

## Easter Egg Decorating Competition

As per tradition, we will also be holding our egg-stremely popular Egg Decorating Competition, where this year all children from **Y2 up to Y6** will be invited to decorate hard-boiled eggs, in the theme of **anything to do with the movies!**

Please make sure that each entry has the name clearly marked on it (sometimes tipping them upside down to read the names can damage them so make sure we can see it clearly on the front). All entries will be displayed in the foyer on tables labelled for each year group. Please bring your entries in from **Monday 28<sup>th</sup> March until Thursday 31<sup>st</sup> March** to be judged. Creations then need to be taken home on **Friday April 1<sup>st</sup> (last day of term)** any eggs not collected will be disposed of, unfortunately. All entries will be rewarded and winning entries will receive Easter Eggs! I'm sure you'll agree that this is very eggciting!

## Covid Updates

Although it is no longer mandated, it is advisable that adults and children who develop symptoms should take a test to rule out Covid-19. We have seen a slight increase in cases this past week, which shows that the virus has far from disappeared and can still cause disruption in school. Health advice remains in place that those who do test positive should continue to isolate for at least five days and only return to school settings following two negative lateral flow tests. Thank you for your cooperation.

Best Wishes,

Mr John Sitch
